## **Green Valley Fairways POA – Rules & Regulations**

**(Revised January 01, 2023)**

The Green Valley Fairways POA is dedicated to maintaining safe and harmonious neighborhoods while increasing the value of its members' properties. This is done by being good stewards, fiscally responsible, and maintaining appearances up to community standards, and by enforcing the CC&R's as set up by this association.

**Membership in the Association:** Every owner within the properties, by the acceptance of a deed for a lot, shall be a member of the Green Valley Fairways Property Owners Association (the "Association").

**1. Assessments:** When a Lot Owner accepts a deed to a lot, whether or not it shall be so expressed in such deed, he/she is deemed to covenant and agree to pay assessments levied by the Association for the purposes of which it is organized.

**A. Annual Assessments:** The amount of the Annual Assessment shall be established by the Board of Directors in accordance with a budget showing projected income and expenses for the coming year, and approved by a majority of the members of the Association present at any legally called meeting at which a quorum is present.

**B. Payment of Annual Assessments:** Each member will be billed for the Annual Assessment by mail by March 1 of each year. Payment of the Annual Assessment must be received by the Association by April 30 of each year, regardless of whether a bill or statement was received by the owner. Assessments not received by April 30 shall be deemed delinquent and a late fee will be imposed.

**C. Special Assessments:** The Board of Directors also may levy a Special Assessment against each lot with the approval of a majority of the members of the Association present at any legally called meeting at which a quorum is present.

**2. Age Restriction:** It is intended that the Properties shall be considered as housing for older persons as defined in the Fair Housing Amendments Act of 1988 and all subsequent applicable amendments to the Federal Fair Housing Act.

- A. Each dwelling unit in the properties shall be occupied by at least one person 55 years of age or older.
- B. No person who has not yet reached his/her 18<sup>th</sup> birthday shall reside permanently in any dwelling unit. A resident shall be considered “permanent” if he/she resides within the properties for more than 30 days in any 12-month period.
- C. The Board of Directors has the exclusive right to determine who is a resident or occupant for the purposes of determining compliance with this section.
- D. The Board of Directors shall establish procedures to insure compliance with the State and Federal Fair Housing Acts, and any other legislation or governing regulations pertaining to this section.
- E. If the occupant of a lot is 55 years of age or older and dies leaving a spouse or other co-inhabitant residing on the lot who is less than 55 years of age, that person may remain as an occupant. However, if the percentage of lots occupied by person who are 55 years of age or older falls below 80%, the foregoing exemption becomes null and void and such underage persons must leave the lot **within a period of 6 months from written notice from the Association.**
- F. The Board may require a compliance form, signed by a notary public by one of the owners of the lot, attesting that no person under the age of 18 years resides permanently in the dwelling unit.

**3. Architectural Review:** Any and all exterior changes attached to the outside of the unit or not, require approval from the Architectural Committee. This includes but is not limited to: building, rebuilding, remodeling, painting, repainting, or erecting any building, wall, fence, coping (the top bricks on a wall; the edges to walls); driveway or any other structure whatsoever. Awnings, sun shades and other projections from a building also must receive approval of the Architectural Committee.

- A. Two complete sets of plans and specifications of any proposed exterior modification on a lot shall be submitted to the Architectural Committee.
- B. The Architectural Committee shall either approve or disapprove said plans and specifications within 30 days from the receipt thereof. If the Committee shall fail, in writing, to approve or disapprove such plans and specifications within 30 days after the delivery thereof to the Association, these plans shall be deemed denied unless the applicant has agreed, in writing, to an extension of time. Architectural Committee approvals shall expire 12 months after the date of approval unless a time extension is made in writing by the Architectural Committee.
- C. The Architectural Committee shall have the right to disapprove any plans or specifications submitted to it as aforesaid if such plans and specifications are not in accordance with all of the provisions of the CC&R’s or if, in the opinion of the Architectural Committee, the design or color scheme of the proposed building or other structure is not in harmony with the general surroundings of the subject lot or with the adjacent buildings or structures, or if the plans and specifications are incomplete.
- D. All Architectural Committee approvals remain valid for one year and shall expire if the approved project has not been initiated. When construction begins, it must be completed within 60 days. Extensions need to be approved by the Architectural Committee.
